The Broedertrouw sailing clipper

Broedertrouw is a traditional wooden merchant sailing vessel built in 1882. Following a complete renovation, it is now a group hotel ship with the latest amenities, for a fabulous holiday. There are 15 2-person cabins each have a washbasin with running water and there are communal showers and toilets on board. As a group, you'll prepare breakfast, lunch and dinner together in the galley kitchen (kombuis) and dine in the elegant dining room.

With 2 masts, the Broedertrouw looks spectacular under full sail, but it is also equipped with an engine to ensure

you get back to port if the wind is low. You'll find more photos of the boat at: www.broedertrouw.com
