

2019-20 Renewal Form for District Governors

District Governor Authority

- The district governor is responsible for the supervision and control of the Youth Exchange program within the district. The district Youth Exchange officers, or committees, are under the supervision of their respective governors and report to them.
- The district complies with the Youth Protection and Rotary Youth Exchange sections of the RCOP.
- Club exchanges are arranged within the structure of the district Youth Exchange program.
- The district has a system to ensure club compliance with district Youth Exchange policies.

Youth Protection

- The district has adopted the Statement of Conduct for Working with Youth (RCOP: Youth Protection.)
- The district has adopted RI's zero-tolerance policy against abuse and harassment.
- The district will conduct an independent and thorough investigation into any claims of sexual abuse or harassment. The district has identified the individuals responsible for this investigation.
- The district has developed a procedure for contacting the student's parents or legal guardians as well as the sending district and club once an allegation is brought forth.
- The district has established a reporting hierarchy so that only those required by the procedures are informed of the allegation in order to protect the privacy of both the victim and accused during the investigation.
- Any adult involved in a Rotary youth program against whom an allegation of sexual abuse or harassment is made must be removed from all contact with youth until the matter is resolved.
- The district has a procedure for moving a student into temporary housing if the accused individual is a member of the student's host family.
- The district has identified appropriate support services for students who report abuse or harassment, including appointment of non-Rotarian counselors for each student.
- Any allegation of abuse must be immediately reported to the appropriate law enforcement agency, in accordance with RI's zero-tolerance policy.
- A club must terminate the membership of any Rotarian who admits to, is convicted of or is otherwise found to have engaged in sexual abuse or harassment. A non-Rotarian who admits to, is convicted of, or is otherwise found to have engaged in sexual abuse or harassment must be prohibited from working with youth in a Rotary context. Districts will maintain confidential records of prohibited individuals. A club may not grant membership to a person who is known to have engaged in sexual abuse or harassment.
- If a district investigation into a claim of sexual abuse or harassment is inconclusive, then, for the safety of youth participants and the protection of the accused, additional safeguards must be put in place to assure the protection of any youth with whom the individual may have future contact. If there are subsequent claims of sexual abuse or harassment, the adult shall be permanently prohibited from working with youth in a Rotary context. A person who is accused but later cleared of charges, may apply to be reinstated to participate in youth programs. Reinstatement is not a right, and no guarantee is made that he or she will be reinstated to his or her former position.

Legal Entity

- The district has established a corporation or similar formal legal entity that includes the district Youth Exchange program.

Liability Insurance

- The district has secured liability insurance for the district Youth Exchange program with coverage and limits appropriate for their geographic location. For districts located wholly or partly in the United States, Rotary U.S. Club and District Liability Insurance Program (Program) fulfills liability insurance requirements. However, this Program does not apply to the non-authorized Youth Exchange activities or youth exchange activities not in compliance with the Rotary Youth Exchange certification program. Exchanges planned while the district was certified may be completed even if the district does not maintain positive certification status; these exchanges will be considered authorized and will be covered by the Rotary U.S. Club and District Liability Insurance Program.

Program-specific Requirements

Even if your district is not currently active in each program listed below, your district must comply with the following should it participate in this program in the future.

Long-term Exchange Program

- Exchanges should be for one academic year but may be extended to include part or all of the holiday periods immediately preceding and immediately following the academic year.
- Students must have more than one host family; three successive host families is preferable. In the event that circumstances prevent multiple host family placements, both the sponsor and host district must agree in advance and alert the student's parent or guardian. At least one back-up host family must be available.
- Parents of outbound students are not required to host inbound students. However, parents of outbound students may volunteer to host or may be asked to assist in finding suitable host families.
- The sending and host clubs select an individual Rotarian counselor for each student to be in regular contact with the student and to serve as a liaison between the student and the club, the student's parents or guardians, host family, and community at large. The club counselor must not be a member of the student's host family and has been trained in responding to any problems or concerns which may arise during the exchange, including the prevention of physical, sexual and emotional abuse.
- The sending and host club or district requires, at a minimum, quarterly reports from students. This report should include information on their current hosts, feelings, concerns, ideas, and suggestions regarding their exchange experience thus far. The designated Youth Exchange officer reviews the reports carefully and, when necessary, takes action to respond to any irregularities reported by the students.

Short-term Exchange Program

- Exchanges vary from several days to several weeks. They often take place when school is not in session and usually do not include an academic program; some feature a homestay, camp, or tour component.
- For homestay programs one family is usually sufficient.

- The sending and host clubs select an individual Rotarian counselor for each student to be in regular contact with the student and to serve as a liaison between the student and the club, student's parents or guardians, host family and community at large. The club counselor is not a member of the student's host family and has been trained in responding to any problems or concerns which may arise during the exchange, including the prevention of physical, sexual and emotional abuse.

Student Application

- Candidates must submit a written application and must undergo a selection process including personal interviews with the applicant and the applicant's parents or legal guardians at the club level and at the district level.

Student Selection and Placement

- The sending district ensures that each student is accepted and hosted by a club in a partner district that has been certified by Rotary International to participate in the Youth Exchange program.
- All individuals involved in the exchange, including students and their parents or legal guardians, host family members, and Rotarian counselors, agree in writing to all the requirements of the program as determined by the sending and host clubs or districts.
- Student travel itineraries are agreed upon by the students' parents or legal guardians and the host club or district.

Student Responsibilities

- Students should not under any circumstances be permitted to operate or drive a motorized vehicle of any kind during the exchange, nor to own a motorized vehicle in the host country.
- Students should not undertake travel outside the immediate area of the community in which the host club is located without the consent of the students' parents or legal guardians and of the participating clubs or districts.

Student Orientation & Debriefing

- The sending club or district organizes a mandatory orientation for students and their parents or legal guardians prior to departure.
- At orientation participants are informed about the rules, procedures and expectations associated with the Youth Exchange program and includes a briefing about the local Rotary club and its activities.
- The sending club or district provides abuse prevention and awareness training for both students and parents or legal guardians.
- The host club or district provides an orientation program for inbound students. The orientation includes guidance for students should they encounter any aspects of neglect, physical, sexual or emotional abuse and contact information for local resources and their appointed counselors.

- Because local laws and customs in one country may differ greatly from those in others, orientation for students includes information on local laws and customs, which may apply to young people.

- Due to the likely effects of reverse culture shock, following their return, students and their parents or legal guardians are encouraged to attend a debriefing meeting for the purpose of assisting them to transition to their home, school, and community environment.

Student Preparation

- The host and sending club or districts provides students with a list of individuals to contact in the case of a problem or emergency. This list must include the name and contact information for the student's:

- Host club counselor
- Host club president
- Host district chair
- Host governor
- Sending club president
- Sending district chair
- Sending district governor
- Two non-Rotarian resource persons (one male and one female)

- This list must also include local resources:

- Medical care
- Dental care
- Mental health care
- Law enforcement professionals

- Where available, this list should also include:

- Suicide prevention hotlines
- Rape crisis hotlines
- Local child protection agencies

- District provides a 24 hour emergency contact number or other means for ensuring that students can contact a district representative by telephone at all times.

Student Travel Insurance

- Partner districts shall determine where there may be gaps in coverage, in any national insurance plans or travel insurance coverage, and identify and purchase supplemental coverage to meet the minimums.

- Evidence of student travel insurance coverage shall be submitted to, received by, and accepted by the host district prior to the student's departure from home. As the host Rotary district must be in a position to arrange immediate and emergency medical attention when it is needed, the host district must approve that the insurance coverage carried by the student is with a responsible insurance company and will ensure that any service providers receive complete and prompt payment. The parent or legal guardian of the Youth Exchange student is responsible for the payment of all medical and accident costs.

- The parent or legal guardian of each student shall obtain travel insurance, including, but not limited to, medical and dental coverage for accidental injury and illness, repatriation of remains, emergency

evacuation, 24-hour emergency assistance services, and personal legal liability. Such amounts shall not be less than the minimum limits and benefits per student designated in the RCOP.

- Parents or legal guardians may also consider obtaining additional travel insurance coverage options designated in the RCOP.

- Where it is a statutory or legal requirement for travel insurance to be purchased in the host country, such insurance shall be in accordance with these limits and benefits. In all other cases dual insurance should be avoided unless agreed to by all parties.

- Clubs and districts are strongly encouraged to consult insurance counsel for advice on obtaining liability insurance and other coverage and should be fully informed about government's policies and regulations regarding foreign students, including insurance coverage requirements.

- Participation in extreme sports, such as hang gliding, rock climbing, and bungee jumping, is discouraged. If students are allowed to participate in extreme sports, these activities should be undertaken with the host districts' and parent or legal guardian's written permission, and additional adequate insurance should be obtained.

Early Returns

- Any participant who does not comply with the requirements of the program is removed from participation in the program.

- In the case of students, the host and sending clubs and districts, host families and the student's parents or legal guardians, are fully informed prior to the student being sent home. Such decision requires the agreement of the host and sending districts. The student should be returned home at the earliest practical time by a route agreed upon between the parents or legal guardians and the sending district. In the event of an impasse, districts may appoint an independent Rotarian to serve as a mediator.

Reporting to Rotary International

- District submits annual survey to RI.

- All serious incidents, including but not limited to, accidents, death, early returns, and crimes, and any allegations of abuse or harassment will be reported by the district to RI within 72 hours of the time a district officer learns of the incident. District has identified a person within the district who will be responsible for reporting to RI.

Records & Documents

- The district has a retention policy for student, volunteer, and host family applications and materials related to Youth Exchange.

- The district complies with Rotary International's procedures for use of Rotary Marks as detailed in the 2016 Manual of Procedure in district Youth Exchange promotional materials, including any email addresses and/or websites.

Volunteer Selection and Screening

- All adults (Rotarian and non-Rotarians) involved in the program, including but not limited to committee members, host families, club counselors, and others, are interviewed to determine suitability to work with youth, complete and sign a Youth Volunteer Agreement, and agree to undergo background checks, including law enforcement public record checks and a reference check. Reference checks should entail asking three people about the individual's suitability to work with exchange students. These three people should not be family members and no more than one of the references should be a Rotarian.
- The host club or district conscientiously screens and selects host families on the basis of a written application, background checks for all adults in the home, including law enforcement public record checks and reference checks, personal interview, and home visits. Reference checks should entail asking three people about the individual's suitability to work with exchange students. These three people should not be family members and no more than one of the references should be a Rotarian. Announced and unannounced (or short-notice) home visits should take place prior to exchanges and during long-term exchanges.
- Any participant who does not comply with the requirements of the program will be removed from participation in the program. In the case of adult volunteers (both Rotarian and non-Rotarian), those who have not complied with program requirements will be permanently removed from involvement with youth in a Rotary context.
- Host families should carry personal liability and auto liability insurance with appropriate limits for their geographic location.

Volunteer Training

- The district Youth Exchange policy outlines the content and frequency of training, participants who must receive training, who has the responsibility for arranging and conducting training, and how records of participation are maintained.
- All adults (Rotarian and non-Rotarians) involved in the program, including but not limited to committee members, host families, club counselors, and others, receive training that includes information on program administration and rules, and abuse and harassment awareness and prevention.
