Hvad skal jeg gøre for at søge Visum til Australien. – 2022

Du skal have et single Student visa (subclass 500) –

Fra den Australske Ambassade i Berlin, har vi modtaget nedenstående link som giver de nødvendige oplysninger til visa ansøgning:

From 1 July 2016, all international students will apply for a single Student visa (subclass 500), regardless of the chosen course of study.

Du skal søge om visa online – den Australske Ambassade i Berlin, som behandler ansøgningerne, skriver:

Online lodgment for student visas is mandatory, also for clients under the age of 18 years.

Region specific guidance: http://germany.embassy.gov.au/beln/student_engl.html
<http://www.border.gov.au/Trav/Visa-1/500-> (Document Checklist Tool)

Vi har desuden modtaget følgende instruktion fra den Australske ambassade i Berlin – læs den omhyggeligt således at der ikke gøres fejl –

One thing is however new and that is that **we are more stringent now with incomplete applications and may refuse them if the students/ parents are not responding to our first (and from now on only) request for further documentation/ information.**

It is therefore very important that the applications are **complete** with all supporting documentation **right from the start** and that e-mail addresses given in the application form for contact with our Department are addresses that the applicants and/ or their parents **check regularly**. In our experience, it happens quite a bit that young students give their own (and not their parents;) e-mail address for official communication and then don't see our pieces of communication because they either do not check their emails regularly or because the emails land in "spam" filters, which we technically of course don't have any influence on.

Nedenstående er et uddrag af hvad du finder ved at benytte ovenstående link:

How do I provide documents and update my information?

1. ImmiAccount is the best way to provide documents and update your information, and visa applications are usually processed quickest when documents are provided via ImmiAccount.
2. Please do not email us when you attach documents to ImmiAccount.
3. You can also use ImmiAccount to:
4. Attach documents to an online application
 - Check the progress of an online application
 - Update application details online
 - Update your passport or address
 - Notify of incorrect information in your application.

You will also be able to obtain information on technical matters from the Department's website www.border.gov.au/immiaccount.
